Government Flayed By Howson As Bonds Replace Human Need

Liberal Meet At End: 'New Deal' Is Long Overdue

Liberal castigation of an errant government was broadcast in the fullest sense of the word Wednesday night as provincial Grits wound-up the most concentrated and enthusiastic Economic Conference rally Edmonton has seen in many a year. Spacious capacity of Masonic Temple auditorium failed to hold all who sought admission, and via CFRN station airwaves, thousands heard the main speakers in far-flung rural areas.

Following the example of their leader, W. R. Howson, M.L.A., some two-hundred delegates stuck to their guns from nine o'clock in the morning until after 11 o'clock last night, partaking of Liberal meals provided by subsidiary organizations in the Temple dining hall. The evening's public rally was the wind-up of three sessions, concluding summary of a busy day's work which had included the passage of more than thirty resolutions.

A consensus of opinion taken from a cross section of the city's business, labor, and transportation men was that publication of race entries and results from American race tracks is nothing less than aiding and abetting the public and gambling interests whose numbers are multiplying the money which would go to pay legitimate debts but which are being diverted into the pockets of "hand book" operators.

No intention of being won by business men interviewed in saying that the bookies' list can be paid.

WILSON'S ALTERNATIVE COMMONWEALTH

GVERNOR OLSON PROMISES STEPS TO MAKE CHANGE

Test of C.C.F. Theories Promised by Governor Olson if Lead Continues to Mount—Public Ownership.

ST. PAUL, Nov. 8.—The Farmer-Labor party, Gov. Floyd B. Olson said last night, has a mandate from the people of Minnesota to put into effect its far-flung public ownership program, designed to achieve a co-operative commonwealth.

"The Republican party," said the governor, as he viewed with satisfaction his increasing 50,000 plurality in Tuesday's election, "made the Farmer Labor party's platform a challenge, which we accepted."

With the convening of the state legislature in January, said the chief executive, his party will do its utmost to carry out its plan platform, which declared "capitalism has failed" and a complete reorganization of our social structure into a co-operative commonwealth will bring economic security and prevent a protracted period of further suffering among the people.

"Of course," Gov. Olson explained, "some points under the industrial program, called for by public ownership, must first be approved by a referendum of the people voting on a constitutional amendment. Such referendums must be first approved by the legislature."

The industrial program promises substantial of an amendment to the constitution to permit establishment of a public ownership of power development in the state and in the Ontario hydro electric setup, and demands public ownership of factories, packing plants, banks, transportation, communication, mines and water power.

Other phases of the platform, the governor said, would be sought through legislative resolutions memorializing congress for their enactment. Among these probably would be government control of payment of soldiers' bonus and tax-exempt securities, and a Lawrence waterway treaty with Canada.

FINED \$50 ON THEFT CHARGE

If Walter Breckenridge hadn't got a job driving a bread wagon, he probably wouldn't have been fined \$50 with the option of three months in jail, when he was found guilty on a theft charge by Chief Justice Simpson of the trial division, in criminal court on Wednesday evening.

Annex Beck's shirt-belt not from her memory when he jokingly took a valuable ring from the pretty young waitress in a local cafe, was the excuse for the young man's conviction. He failed to return the ring, which the two men laughingly left in spite of the ring's protests. The defendant, for the time being, still without her ring, Annie was living in a house where Breckenridge had been arrested. Annie had never forgotten Walter or the ring, and she immediately notified the police with the result that Breckenridge was arrested on a charge of theft.

Variety Lady To Get Guns Of Gangsters

BOSTON, Nov. 8.—Boston police have found some other means of disposing of guns confiscated from gangsters than dumping them in the harbor—they're going to donate some of them to a Harvard University expedition to India.

The expedition, which next spring is going to camp 20,000 feet in the Himalayan mountains, to determine the effects of altitude at high altitudes on the human body.

Routine equipment for the expedition would include several guns, and someone at the university thought it would be a good idea to ask the police for some, rather than pay for new ones.

BRINGING OF GRAINS UNDER ACT OPPOSED

Problem Not of Market Machinery, But of Markets, U.G.G. Told

Opposition to the bringing of wheat and other grains under the provisions of the National Grain Marketing Act was expressed by the directors of the United Grain Growers, Ltd. in the annual report presented by R. S. Lee, president of the company, at the 24th annual meeting of the Mecklenburg hotel Wednesday afternoon.

The real world problem of Canada, it was contended, is not that of marketing machinery but that of markets, and primary attention should be given to the importance and development of these markets and not to the struggle of the individual marketing machinery of Canada.

The four retiring directors, J. J. MacLellan, Purple Springs, E. H. Hope, Fort Langley, B.C.; R. Shannon, Grandview, Sask.; and S. S. Sears, Nanton, Alta., were re-elected.

Only by clear and definite decision of parliament should wheat and other grains be brought under the act's provisions, and that future regulations concerning grain should be built on the solid foundation already established by the Canadian Grain Act, are other opinions expressed in the report.

RULES UNSUITABLE

The board of directors of the United Grain Growers, Ltd. contended that if future regulatory powers in connection with grain marketing machinery they should be provided by extension of powers to the Board of Grain Control.

It is pointed out in the report that the marketing machinery of the United Grain Growers, Ltd. contended that if future regulatory powers in connection with grain marketing machinery they should be provided by extension of powers to the Board of Grain Control.

RESULT IN STRIFE

The bringing forward of any scheme for compulsory marketing of grain such as the act makes possible, will inevitably result in strife among western farmers at a most inopportune time, is another conclusion on which the legislation is opposed.

The convention will continue Thursday with a number of resolutions of importance on the agenda for disposal.

SINKING FUND TO LAST TILL 1947-CLARKE

Enough There Now to Keep Payments up Says Mayorality Candidate

With the city's sinking fund as it now stands, over the nine mill rate, earning interest at 5 per cent, and taking care of maturing obligations, they fall due, there is enough money on hand to take care of all debts maturing up to the end of 1947, according to information given by Mayor Joseph A. Clarke.

"The only way I am taking the stand that the taxpayers of today should not at this time be burdened further at this time to the building of the sinking fund," declared Mayor Clarke.

"By cutting out this payment the present mill rate can be materially reduced and I would like the critics of my program to show me where anyone can be injured by giving Edmonton taxpayers temporary relief at this time and saving their taxes from being sold for houses."

"It must be apparent to every thinking man and woman that our whole monetary system will be revamped long before 1947 and that interest rates will be certainly reduced and while some of those who are opposing the sinking fund are looking for it is right now."

"That is what I am promising and what I propose to put into effect if elected. A cut in Edmonton's mill rate to 100 cents can be done, and if I get the chance to do it, it will be done."

FIVE WOMEN ARE ELECTED

WASHINGTON, Nov. 8.—Just five women last night were one of seats in the United States house of representatives—the three feminine old timers on Capitol Hill and two warm friends of Mr. Franklin D. Roosevelt.

"Ask Sergeant Anderson about the matter," said he to the reporters. "He knows all about it. He was there 10 years and I was only there two."

Sergeant Anderson said Eskimo never lied and never stole. They sometimes murdered each other on account of women. He recalled that had formerly had a bad habit of murdering girl babies as an economic encumbrance, but since the mounting of puffed up newspapers a pound of tea or a pipe if they didn't get in for infanticide, killing was no longer a crime.

The reporters asked with gaffer on the ground, how the management handled about with gaffer on the ground.

TAL BURTON ON PROPERTY IS TOO HEAVY

Neil Primrose Appears Before Tax Inquiry Group Thursday

Claiming that real property is bearing an altogether too heavy share of the burden of taxation, Neil Primrose, of Vegreville, in appearing before the Alberta Tax Inquiry Board at the legislative buildings on Thursday charged that such a system was unfair, unjust and should be subjected to sweeping drastic revision.

Mr. Primrose, appearing on behalf of the town of Vegreville, stated that in 1933 there was a total tax collection in 1933 of \$173,000, which 98 per cent came from real property and that \$13,000 of the total was spent on social services. He pointed out that there were 2,576 lots of land in the town of 193, 109 were tax exempt, 1805 were tax paying and 1805 were tax exempt. Only 1805 were tax paying and 1805 were tax exempt. He showed this small number of the total bore the entire tax costs.

Mr. Primrose thus contended that the system by which such a large proportion of social services are paid for from real property was unfair and unjust and should be paid for out of income tax.

He contended a real property should bear only 50 per cent of the total cost of social services, and that the other 50 per cent should be paid for out of income tax.

Appearing on behalf of the Hudson Bay Company, C. J. Jealy, Winnipeg, chief company land agent and J. R. McLeod, Edmonton land agent, made representations.

Mr. Jealy, acting as spokesman for the company, stated that the company owned 100 per cent of the land on the streets, light and water and a fair share of educational costs and similar services.

CONSISTENT KICKER

In Ross, Merallomas have a consistent kicker and one who can place his kicks in practically any part of the field. Len Park, who gave the ends time to get down and nail the ball receiver, or punts that barely clear the heads of the linemen but travel farther than the higher kicks are equally simple.

BUCAROOS WIN SERIES GAMES BY 7-1 SCORE

Triumph Against Calder
Puts Bennett in Final
With Eastwood

Winning their two game total-point series against Calder by a 7-1 margin, Bennett Bucaroos advanced to the finals in the final public school soccer league to be played against Eastwood's classy eleven in the next future.

Bennett won the first game by a 4-1 score, and then again in the night they triumphed over Calder as they "shout" their northern rivalry by a score of 3-0.

South Side junior and senior teams will now fight it out with Northern junior and senior clubs for supremacy in public school soccer.

BENNETT—EASTWOOD

Bennett Bucaroos will oppose Eastwood in the senior class and Queen Alex and Eastwood will battle it out for honors in the junior ranks. It's a great honor for Eastwood having two teams in the finals and they stand a good chance of coping both titles.

St. Christmas' sensational young center, again emerged a star player in his team's triumph when he scored two great goals in the first half. The Bennett defense at all times was strong, and the threatening raids by Calder, were turned aside with Lloyd Talford Bennett goal, playing a splendid game.

BATTLE DESPERATELY

Facing a deficit of five goals in the second half, Calder boys played good soccer and fought their way into the final until the end.

Bennett final marking was superb in the second half when a loose ball glanced off the shin of Calder's right back into his own net. For the freeze, Freddie Brown and Alvin Pulkre were there, while Albert Anderson, Dave McIntosh, Saul Christensen, Harold Loebe and Bernie Thibault drew brightly for the winners.

A large crowd of teachers and other spectators was on hand for the game. Will Gallimore was the referee.

By CHARLES TODD

Gareau's dark move is pretty well in the dark. There is a possibility that they may get away to Calgary Friday afternoon, to play in the football city Saturday, November 10, but it is not of the slightest sort. If this cannot be done the Edmonton side will have to leave the following week.

Calgary guaranteed the local boys \$100, plus a percentage of the gate after all expenses had been deducted. Coach Jones informed me that that was just a casual offer, the team as they made to Central High from Calgary last year.

If the Gareau crew do not get away this week, there is just a possibility that they may take a jump down to Wetaskiwin for an exhibition game to keep in shape. Wetaskiwin should put up a better showing on their home field than they did here last week.

A football career has been arranged for this Saturday afternoon at Battleford Park and teams will swing into action. All chances of school again, footnoting will get a chance to show their stuff. The team will take the field first, followed by the juniors, and as a finale, a senior game.

Percy Page reports that all is quiet on the Commercial front. Their hoop squads are in the best of form, but have to one to play against. It is expected that teams will eventually send over a senior challenge.

Victoria's badminton club has been reorganized, so that two new weeks are available, one for boys and the other for girls. It is hoped that the membership will be limited so that all players will have a good chance to learn the game. Those desiring to, may play as soon as their fees are paid.

Girls having their own racquet may play on Mondays and Fridays, while the boys may have Wednesdays. The boys' membership shall not exceed 12, the girls' 24. Membership fees will be toward purchasing birds, racquets. Fees may be paid to Lloyd Trudel or Betty Carwell.

LIGHT HEAVY BOSSES HAVE GOOD BATTLE

Harold Scandron Biffs Bachman to Prove Fight on Level

NEW YORK, Nov. 8.—The man bit dog, Wednesday over in Jimmy Johnson's office in Madison Square Garden, because a fight manager, usually the safest individual in the world as far as getting hurt is concerned, got himself bluffed on the nose so hard it thumped.

All this was the aftermath of a very chicanery situation revolving about a light heavyweight title fight scheduled in the Garden Nov. 10 between Mike Rosenbloom and Bob Olson, a fight which Johnson says never will take place unless the fighters quit acting like feisty, nifty boys.

So Harold Scandron, manager of Olson, up and punched Frank Bachman, manager of the light heavyweight champion, on the nose, causing him to bleed, forcing Bachman to the down and not bringing relief at all to Johnson, who wants more of that stuff from the fighters, but the manager has to be tough.
